

iEngage Associate Programme

Programme Summary

The WCI iEngage Associate Programme enables potential applicants first-hand experience to the WCI and discover what the value future membership can offer.

What is included?

Over a two-year period, Associates will be gifted two tickets to monthly lunches, one in each year. Plus, access to regular networking opportunities with other WCI members and attendance at paid events will be available.

What happens after?

After the two-year period, Associates have the option of joining the WCI as a member and being admitted as a Freeman of the City of London.

How to apply

Those who wish to join as Associates can do so by sending their applications to any member of the iEngage Committee or via The Clerk at clerk@wci.org.uk.

To apply, please email your latest CV with your answers to the following three questions:

1. Contact Details - Name, Telephone Number, Mobile Number, Email Address?
2. Why are you interested in joining the WCI Associate programme?
3. How do you plan to make the most of the opportunities available as a WCI associate over the two-year programme?

The Details

- Please note that under the livery bylaws, Associates are not members of the WCI.
- The maximum number of Associates is limited to 20 per year at any one time.
- Associates would have a tenure of 2 years at a subscription of £50 per annum.
- Payments are to be made to the WCI through The Clerk's Office - clerk@wci.org.uk.
- Associates can apply for WCI membership during the programme and if they do so will automatically withdraw from the iEngage Associate Programme.
- If an Associate does not engage with the WCI and its activities, they may be asked to step down from the programme. The Associate can then apply to re-join at a later date, when they are more able to take advantage of the opportunities of the programme.

Who are iEngage?

- iEngage is the Worshipful Company of Insurers' initiative to engage younger professionals in the insurance market.
- It was formed in early 2018 and is aimed at young professionals in the WCI, a growing area of its membership.
- It has a leadership committee which is developing a programme of events to help young professionals develop their careers.
- It helps to promote social events to help its members network with others at similar stages of their careers and is fully integrated into the full range of social and networking event run by the WCI.
